On the third Tuesday of each month from September thru May, the Mycological Society of San Francisco hosts a General Meeting. It has usually taken place at the Randall Museum. We look forward to future meetings where we can share our fungal finds, enjoy mushroom snacks and engage with our guest speakers in-person. Until then, we are fortunate that technology allows us to maintain safe social distance yet still carry on our mission to educate about the kingdom of Fungi.

General meetings are open to the public.
